

Capital Regeneration / Infrastructure Funding

Do you need funding?

Funding Finders Ltd has a range of funding sources to support countries needing infrastructure developments.

Our Company has been helping organisations around the world to access funding for a range of regeneration projects on a no win no fee basis.

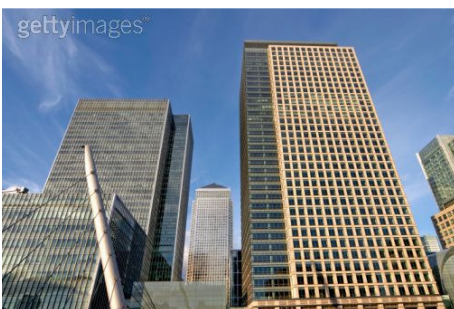

Funding is primarily available for Capital Infrastructure Projects, however, we are often able to link these funds to other funds for revenue and implementation (i.e. training, staffing, Project Management etc.)

What type of Capital Infrastructure Projects can be funded?

Almost anything that will, on completion, produce a mortgagable asset.

For example:

- Hotels/Golf/Leisure facilities
- Residential Accommodation
- Commercial Developments
- Industry Parks
- Retail Parks
- Schools
- Hospitals
- Tourist/Theme Park Attractions
- Manufacturing/Office Suites
- Environmental Projects
- Transport Infrastructure
- Affordable Housing
- Training/Technology Centres

What do I do next?

If you have a project that needs funding, email us for an application pack. All our services are based on an initial no win, no fee assessment. Complete and return the forms and we will inform you of whether our funders are likely to fund you. If the answer is yes, we will then send you details of how to proceed.
